LENARDO J

Email ID : lenardojerry@gmail.com Mobile No : 9003624657

SUMMARY:

I'm a passionate developer with experience in Python programming, web development, and SQL. I enjoy building projects, learning new tools, and working with Git and GitHub for clean, collaborative code. Always curious and eager to grow in tech.

TECHNICAL SKILLS:

- **Programming & Development:** Java, Html5, Css3, SQL, Python
- **Database Management:** MySQL, Database Design
- **Version Control & Deployment:** Git, GitHub
- **Tools:** VS Code, IntelliJ IDEA

EDUCATION:

The Kavery Engineering College Salem : B.Tech Artificial Intelligence & Data Science : 76%
St. Xavier's Boys Higher Secondary School : XII Percentage - 65%
St. Xavier's Boys Higher Secondary School : X Percentage - 83%

PROJECT:

Predicting Student's performance using Deep Learning

- **Description:** This project uses deep learning to predict student academic performance based on factors like attendance, study time, and past grades. The goal is to identify at-risk students and support better learning outcomes.
- **Tech Stack:** TensorFlow / Keras, NumPy, Pandas, Scikit-learn, Matplotlib
- **Tools Used:** VS Code, GitHub (versioning).

CERTIFICATION:

- Java – Basent Technology Velachery
- Artificial Intelligence – Nexgen Technologies Pondicherry
